History of the Duroc-Jersey Swine

It seems to be well authenticated that the exact origin or early history of the Red Hog, now recorded as Duroc-Jerseys, is not positively known. Many are of the opinion that they are purely American bred, while we have gathered much information pointing toward stock that was imported at an early date, of which we will make mention later on in this work.

It is a fact now generally conceded by all who are interested in this popular breed of swine, that there were two families of them, some years ago, one known as Jersey Reds and the other as Durocs.

JERSEY REDS.

The name Jersey Reds was probably given to this family by Joseph B. Lyman, about thirty-three years ago, who at that time resided in New Jersey, and was the Agricultural Editor of the New York Tribune. Previous to this period they had been called Red Hogs. Mr. Lippincott, of New Jersey, was the first person to advertise these hogs as Jersey Reds.

We find in Clark Petit's History of Jersey Reds, that in the year of 1832, there was a pair of Red pigs shipped from Spain to Salem, New Jersey, and he says "that their unique color at once rendered them objects of special interest in a locality long noted for successful swine breeders and feeders, among whom had long existed a great spirit of rivalry, as to who should annually win the honor of raising the best lot of hogs, making the greatest average weight at different ages, for which leading Philadelphia butchers paid advanced price." It was soon noticed that the offspring of the Reds universally proved to be quick, profitable feeders, almost invariably outweighing those of other breeds at like ages. Much of the superiority undoubtedly arose from their pre-eminent constitutional vigor and consequent capacity to properly assimilate their food.

The hogs bred in New Jersey attained great size, as will appear from the following weights made at different ages:

30 hogs, 22 months old, averaged.....686 pounds, dressed.
18 hogs, 22 months old, averaged.....734 pounds, dressed.
23 hogs, 20 months old, averaged.....639½ pounds, dressed.
34 hogs, 17 months old, averaged.....565 pounds, dressed.
51 hogs, 17 months old, averaged.....520 pounds, dressed.
17 hogs, ... averaged.....862 pounds, dressed.
20 hogs, ... averaged.....882 pounds, dressed.
25 pigs, 8 months old, averaged.....413 pounds, dressed.
16 pigs, 7 months old, averaged.....278 pounds, dressed
20 pigs, 6½ months old, averaged.....280 pounds, dressed.

This list could be much extended, but we deem this sufficient to show an idea of the size the Jersey Reds attained and the feeding qualities they possessed.

Twenty years ago, old men in Burlington and adjoining counties, New Jersey, could not remember a time when there were not Red Pigs, neither could they tell where they came from. Mr. Brown, of Windsor, N. J., said he had seen them bred with uniformity of great size fifty years ago.

DUROCS.

In giving the history of this family of Red Hogs, we have no better authority than is given in Vol. 1 of our Records and which is substantially as follows:

The Duroc family of Red Hogs were so called by Issac Frink, a prominent farmer living in the town of Milton, Saratoga County, N. Y. In the spring of 1832, Mr. Frink took a mare to the noted stallion, Duroc, then owned by Harry Helsey, in the town of Florida, Montgomery county, N. Y., about 25 miles away. There he saw a litter of ten red pigs, the production of a pair of red pigs brought the year before by Mr. Kelsey, from Oyster Bay, Queens County, N. Y., or imported by him from England. He moved from Oyster Bay to Florida. In regard to the importation of the pigs, the history is not authentic, although Mr. Kelsey told Mr. Frink that they were imported, but the term imported may have been improperly used, as is often the case, even at this late date.

In searching history we find that the produce of these pigs was much sought after, and assumed the name after Mr. Kelsey's famour horse, "Duroc." They spread all through the New England States, and became very popular on account of their great qualities, which we shall hereafter discuss.

In 1830, Wm. Ensign, of Wilbur's Basin, in the town of Stillwater, Saratoga County, N. Y., brought a pair of Red Pigs from Connecticut and the next year he got a few more from the same place. He bred and sold them far and near. Saratoga County was a lively "pork district" in those days, and great interest was taken in the breeding of hogs. The Frink and Ensign families of red hogs were crossed and the breed established. They have been bred ever since, with more or less care and effort at keeping them thoroughbred, but no fixed type or standard was followed (except individual ones). These hogs, according to what information we can gather, possessed most of the characteristics of the Jersey Red family, except they were not so large and were rather finer boned, and no doubt were quite profitable feeders and producers of pork.

Ex-President Thos. Bennett, of Rossville, Ill., furnishes us with some reliable evidence, which comes through a correspondence with the Hon. Cassius M. Clay, of White Hall, Ky. The honorable gentleman says: "The Spanish Red hogs were imported by Hon. James B. Clay, from Spain or Portugal, when minister to Lisbon, under Zach. Taylor in 1850. He gave me a pair of pigs the progeny of which I widely distributed, they being such very fine hogs, easily fattened, and the best hog known at that time. Being such noted hogs, it is no wonder they found their way to New York, New Jersey and all eastern and southeastern states."

It is not saying too much when we (the Red Hog breeders), say that they were the foundation stock of that most popular breed of swine, "Poland-Chinas." The Hon. L. N. Bonham, in one of his histories of said breed, in searching to find out how they came to be named "Poland-Chinas," says that "there was an old Polander who had a herd of very fine hogs, said hogs were the produce from a China sow and a Jersey Red boar. So admired were they, and so noted did they become, that they were named after the breeder (Polander), and the sow (China), hence the name Poland-China. It is a fact that the Poland-China, years ago, had red or sandy spots on them, and not very small ones either, and even at the present time some of the best pedigreed Chinas breed sandy spots." Mr. Bennett says: "In the fall of 1889, I went to see one of the best herd of Poland-Chinas in Illinois, and there saw a boar good enough for any one. He was bred in Ohio and bought at a big price. As I was looking him over, the proprietor said: 'There is only one fault with that

hog,' 'What is that?' I asked, and in reply he said: 'Some of his pigs have sandy spots on them.' This is no doubt due to the fact that, after years of careful breeding, the old characteristics will continue to crop out."

The general appearance of Duroc-Jersey swine has been much changed in the hands of our western breeders, as will be seen by the late standard adopted by the National Expert Association, at Dayton, Ohio, in February, 1889, and by the American Duroc-Jersey Association in the following November. The breed still possesses many of their old-time characteristics, which make them so popular, and as

BREEDERS

they are doubtless the most prolific of any breed of swine in existence. Young sows usually farrow from eight to ten pigs at a litter, and from ten to eighteen is not uncommon for old sows. The pigs are very strong at birth, and the sows and pigs very seldom need any attention at this time. They almost invariably impart to their offspring their wonderfully prolific breeding qualities, are good quiet mothers, supplied with a generous flow of milk, raise large even litters, and other breeds when crossed with them are greatly improved in vigor and as breeders and feeders.

Below we give some extracts from a test at the Experiment Station of the Agricultural College at Michigan.

The breeds represented were the Duroc-Jersey, the Berkshire and the Poland-China, two of each and all barrows.

The pigs were weighed every fourteen days during the experiment and the gains or losses noted and compared with the food for the period, viz.: from July 16, 1889, to January 31, 1890—168 days.

It was seen that the two Duroc-Jerseys gained in weight from the beginning. Though as fleshy as any specimens, they were still making excellent gains and were feeding well at time of slaughter. Their average gain was 36.25 pounds per period, or 2.59 pounds per day, secured at a cost of 4.65 pounds of grain for each pound of gain in live weight.

The average gain made by the two Berkshires was 29.16 pounds per period, or 2.11 pounds per day secured at a cost of 5.22 pounds of feed for each pound of gain.

The average gain per period of the Poland-Chinas was 25.91 or 1.85 pounds per day, secured at cost of 5.87 pounds of feed for one pound of gain.

The meat of the different breeds was cooked and tested, and it was the unanimous opinion of those who ate of the meat that that from the pigs making the best gains at the time of slaughter was the most tender and juicy, the sweetest and best. This was the pork of the Duroc-Jersey.

Mr. Bennett is an extensive breeder of Duroc-Jerseys, Poland-Chinas and Tamworths, and he claims for the Duroc-Jerseys, as bred today, that they are the best general purpose hogs in the United States, having a stronger constitution, being more prolific, better sucklers, and where breeders of other breeds raise from three to five pigs to the sow, the Duroc Jerseys raise from eight to fourteen pigs to the sow. As bred today they grow faster when young, and fatten as readily as any pig when more matured. They are the only hog today that will make their own bed, grind their own food, and, when fat, carry their own carcass to market.

MINUTES OF THE MEETING

OF THE

BOARD OF DIRECTORS

OF THE

NATIONAL DUROC-JERSEY RECORD ASSOCIATION

HELD AT

PEORIA, ILL., MAY 4TH AND 5TH, 1910

Officers present: Tom Frazier, President; J. R. Pfander, Secretary; R. J. Harding, E. J. Brown, Gilbert Van Patten, J. J. McClain, R. L. Comer, members of the Board.

The books of the former secretary, Sheldon, were audited for the month of December, 1909, and found correct.

The books of the treasurer were audited to May 1st, 1910, and found to be correct.

The books of the secretary were audited to February 1st, 1910, and found to be correct by the executive committee.

Mr. R. J. Evans appeared before the Board of Directors and asked that the present printing contract with him be canceled and that he be released from further compliance with the same.

On motion by Mr. Comer, and seconded by Mr. Harding, the request was by the unanimous vote of the board granted.

A formal release was formally entered into and is attached as Exhibit (A):

EXHIBIT A.

WHEREAS, R. J. Evans has requested the NATIONAL DUROC-JERSEY RECORD ASSOCIATION to release him from the contract for printing made the 5th day of December, A. D. 1907, and expiring by its terms on the 31st day of December, 1910; and

WHEREAS, the Company is willing to release him from said contract, and his bondsmen, on his turning over to the Company the galleys and type of the Company's mailing list, and any other property belonging to said Company;

Now, Therefore, Be it Resolved, That the secretary be and he is hereby authorized and empowered to cancel said contract on reciept of the property aforesaid, and to release the bond heretofore given by said EVANS, and notify the bondsmen of their release from any and all further liability upon said bond, and the Secretary is further authorized and empowered to enter upon the face of the bond a cancellation thereof in the name of the Company, and surrender it to the said EVANS or his bondsmen.

ROBT. J. EVANS,

May 4, 1910.

NATIONAL DUROC RECORD ASSOCIATION,
By Tom Frazier, President.

J. R. Pfander, Secretary.

After full discussion it was decided by the unanimous vote of the board that the form of future volumes be changed to the form which is attached as Exhibit B, which is style of Vol. 36. The board went into executive session and the bids for the printing of the future volumes were opened and found to be as follows:

All bids must be delivered to the Secretary on or before the 3d day of May, 1910.

The right is reserved to reject any and all Bids.

ARTICLES OF AGREEMENT, Made and entered into this 6th day of May, and A. D. 1910, by and between J. W. FRANKS & SONS, a corporation of the State of Illinois, located in the City of Peoria, in said State, hereafter designated first party, and NATIONAL DUROC-JERSEY RECORD ASSOCIATION, a corporation of the State of Illinois, with office in the City of Peoria, hereafter designated second party.

WITNESSETH, That the said first party, for and in consideration of the undertakings, promises and agreements to be kept and performed by said second party, does hereby agree and bind itself to print twenty-four hundred (2,400) Record Volumes of the National Duroc-Jersey Record Books, of the kind, form and quality of the samples hereto attached, marked "Sample Page of Book, Exhibit A;" "Sample Copy of the Printing, Exhibit B;" "Sample of Paper, Exhibit C;" all made part hereof to the same extent as though particularly described and set out herein, which printing and all volumes shall be equal in every respect in style, stock and quality to said specimen specifications; books to be bound in Black Muslin, good quality, with gold-leaf lettering on cover, "The National Duroc-Jersey Record;" on back, "Volume ———; Males, No. ——— to ———; Females, No. ——— to ———;" each book to contain from eight hundred (800) to nine hundred (900) pages; each volume to be well bound, wrapped, tied, addressed and delivered at the Post-office in the City of Peoria, ready for mailing.

Said first party also agrees, for the consideration hereinafter named, to print fifty (50) copies additional, or any multiple of fifty (50) copies, as shall be demanded by said second party, and shall have the printing of all Record Volumes during life of this contract.

The Secretary of said second party shall furnish copy for one hundred (100) pages of such volume every fifteen (15) days after delivery of first one hundred (100) pages until completed, or as rapidly as registrations are filed in his office, and all books shall be ready for delivery as aforesaid within sixty (60) days after the last copy is furnished by the Secretary, unless said first party is prevented by fires, strikes, or other unavoidable accidents from delivering in said time.

In consideration of the undertaking and agreement of said first party, said second party agrees and promises to pay said first party for the printing of the twenty-four hundred (2400) volumes during the continuance of this Contract, Two and 24/100 Dollars ($2.24) per page for the said twenty-four hundred (2400) copies complete, and also to pay for an additional fifty (50) volumes, or any multiple thereof, when demanded by said second party, the sum of three cents (3c) per page; said additional volumes to be printed and bound complete in every respect, and also wrapped, tied, ready for mailing, delievred at the Post Office in Peoria as aforesaid; all to be included in the price aforesaid.

SAID SECOND PARTY FURTHER AGREES that in the printing of said volumes, when the dummy for every one hundred (100) pages of the herd book is delivered and printed by said first party, three-fourths (¾) of the price for such one hundred (100) pages will be paid, and so on until the copy is furnished complete and delivered, and when the printing of the volume is complete and delivered ready for mailing, the remaining one-fourth (¼) of the price thereof shall be paid by said second party.

All the work herein provided for shall be first-class in every respect, and shall conform as nearly as possible to the samples and specifications above referred to.

This contract shall be in force from and after the first day of June, A. D. 1910, during and until the thirty-first day of December, A. D. 1912.

Said first party shall, before the date set for the commencement of this contract, furnish to said second party its bond, with good and sufficient security, guaranteeing the faithful execution of this contract on its part, and the payment of any and all damages for a failure to do so, which said bond shall be approved by the President and Secretary of said second party, or by J. S. Stevens, its attorney, and when such bond shall receive the approval of the President and Secretary or of the said J. S. Stevens, it shall be accepted and filed as the bond herein provided for.

If said first party shall fail at any time to keep, observe and carry out the provisions of this contract in furnishing the printing, material and work as hereinbefore set forth, then said second party may, after giving thirty days' (30) notice in writing to said first party, procure said work to be done by any other firm, person or party, and charge the cost thereof to said first party, which shall be liable for such cost personally and under the bond of guarantee and indemnity herein provided for, or said second party may declare said contract ended and forfeited, and procure other parties to do said work and furnish said material on such terms as it sees fit to make, subject, however, to the provision hereinbefore mentioned of strikes, fires, and unavoidable accidents.

IT IS FURTHER AGREED That in case said second party shall fail to make payments or furnish copy as herein provided and shall fail to carry out this contract on its

part, and neglect or refuse to do so, as herein provided and promised, then after thirty (30) days' notice in writing to said second party, said first party may declare the contract ended and recover for whatever work and material it has furnished, in accordance with the prices herein named.

SAID SECOND PARTY HEREBY AGREES, during the term of this contract, to publish a set of at least twenty-four hundred (2400) volumes of said Records, and it shall have the right to publish as many additional sets during said time as it sees fit, and all such sets, if demanded by said second party, shall be published, printed and prepared at the same prices and under the same terms and conditions as herein named.

This contract shall be binding upon the respective parties hereto, their successors and assigns, and is duly and legally executed in duplicate, the day and year first above written.

Under the old printing contract it cost the Association 51 cents per pedigree to publish and mail out the herd books, while under the new contract the cost will be approximately 17 cents per pedigree, making a saving to the Association of two-thirds of the previous cost.

The secretary was authorized to issue a share of stock in this Association, in exchange for a share of stock in the American Duroc-Jersey Record Association if desired by the owner of said share of stock.

The secretary was instructed to select as a depository for the Association funds in his hands such bank as should be recommended by the Association attorney, and by his advice the First National Bank of Peoria, Ill., was selected, and the secretary was relieved of any responsibility after funds were deposited in said bank.

The secretary was instructed to reissue old shares bought by the Association to new purchasers when on hand.

The secretary was instructed to establish and keep up a breeding certificate and litter record until otherwise instructed.

The secretary was instructed to visit the record offices at Springfield and Chicago, the object being to obtain the information that we make our Record as valuable and accurate as possible.

The secretary was instructed to sell Record Volumes previous to Volume 30, of which we have more than 100 in stock at 50 cents each, those from 50 to 100 in stock at 75 cents, those from 25 to 50 in stock at $1.00 each.

Miss Murfield and the secretary were instructed to exchange typewriters to the best advantage to the work of the office.

The secretary was authorized to purchase supplies not to exceed $25 at one time, and with the consent of the president not to exceed $100 at one time. Amounts over $100 to be let by sealed bids, subject to the approval of the Board of Directors.

The secretary and president were authorized to purchase 13,700 certificate blanks, 10,000 envelopes, and 2,000 application blanks, which are needed for immediate use.

The secretary was instructed to purchase not to exceed 500 private herd registers.

The treasurer was instructed to place $2,500 of the Association's funds on time deposit, $1,500 in one certificate and $1,000 in another, for six months at three

per cent. interest, with the provision that either or both of these certificates may be canceled at any time that the Association may need the funds prior to the expiration of the six months.

The secretary was instructed to furnish free the following blanks: Breeding Certificate, Death, Transfer, and other small blanks, carried by this Association.

The secretary was authorized to use not to exceed $750 for clerk hire from June 1st to January 1st, 1911.

The president was authorized to set time and place of annual meeting.

A motion was adopted that all share holders be urged to attend the annual meeting at this office in December. In event that they are unable to attend that they use the following form of proxy, which the Association attorney considers advisable for the wellfare of the Association:

PROXY.

I hereby appoint Tom Frazier my Proxy to vote share of stock, owned by me in the National Duroc-Jersey Record Association at the annual or any special meeting to be held during 1910, as the shareholders present from the State of..... .....shall direct.

Should such State not be represented in person, this Proxy shall be voted as a majority of the shareholders present shall direct.

Dated,.....
